All About Training and Development (Learning and Development) Much of the information in this
topic is adapted from the books Field Guide to Leadership and Supervision in Business and Field
Guide to Leadership and Supervision for Nonprofit Staff.; Training and development -- or "learning
and development" as many refer to it now -- is one of the most important aspects of our lives and
our work.

Learning Styles. Before we get to teaching strategies that promote active student participation and
engagement, we'll take a brief look at learning styles, another important aspect of learning that is
useful to factor in to assignment and activity design.
