The historical school of economics was an approach to academic economics and to public administration that emerged in the 19th century in Germany, and held sway there until well into the 20th century. The professors involved compiled massive economic histories of Germany and Europe. Numerous Americans were their students. The school was opposed by theoretical economists.

The two Enlightenment philosophies of Liberalism and Radicalism both shared the goal of liberating humanity from traditionalism. But Liberals regarded it as sufficient to establish individual rights that would protect the individual. Radicals, however, sought institutional, social/economic and especially cultural/educational reform to allow every citizen to put those rights into practice.
