Sociology Issues And Debates
Sociology Issues And Debates

Public sociology is a subfield of the wider sociological discipline that emphasizes expanding the disciplinary boundaries of sociology in order to engage with non-academic audiences. It is perhaps best understood as a style of sociology rather than a particular method, theory, or set of political values. Since the twenty-first century, the term has been widely associated with University of...

Public sociology - Wikipedia

Sociology is the study of society, patterns of social relationships, social interaction, and culture of everyday life. It is a social science that uses various methods of empirical investigation and critical analysis to develop a body of knowledge about social order, acceptance, and change or social evolution. While some sociologists conduct research that may be applied directly to social...
