The facts. For years now, Beyond Blue has been doing as much work as possible to encourage people to learn about the symptoms and types of stress, anxiety and depression, which they could face or may already be experiencing. In Australia, it's estimated that 45 per cent of people will experience a mental health condition in their lifetime. 1 In any one year, around 1 million Australian adults ...

Why This Essay I've had a lot of interesting experiences in my life. Among these are experiences of God. I've had the experience of just knowing that Jesus is right beside me in times of great trials. I've heard that still, small voice advising me about matters spiritual. I've had dreams that were convincingly real, featuring dead relatives, explaining convincingly that the spiritual path I was ...

Experiencing God: The Neurology of the Spiritual Experience
Any man can become "multi-orgasmic". It only requires a basic understanding of male sexuality and certain techniques. Most men’s sexuality is focused on the goal of ejaculating, rather than on the actual process of lovemaking.

Male multiple orgasm and becoming multi-orgasmic
One of the central tenets of science is to define a problem to be studied with as much clarity as possible, and the key to clear communication is calling things what they really are. Unfortunately, both the American media and public intellectuals have failed to be honest in identifying what everyone in Europe knows is the primary source of terrorism in the world today: Islam.

Why Islam? Of the three great monotheistic religions only ...
Becoming Us Book (normally $24.99). You’ll be one of the first to receive Beth & Jeff’s new book, Becoming Us, even before it hits bookstores in October! With the book, you can discover even more insights and use it to continue to transform your marriage into the relationship you hoped it would be

In Table 1, the frequencies of the lucid dreaming frequency scale are depicted. Eighty-two percent of the participants stated that they had experienced a lucid dream at least once. The majority are lucid dreamers infrequently, about 36.9% are frequent lucid dreamers (frequency equal or higher than once per month) in the terminology of Snyder and Gackenbach (1988).

I remember being endlessly entertained by the adventures of my toys. Some days they died repeated, violent deaths, other days they traveled to space or discussed my swim lessons and how I absolutely should be allowed in the deep end of the pool, especially since I was such a talented doggy-paddler.
